General Scholarship Application Instructions

1. This page is not a part of the application and need not be submitted.
2. The application and transcript **MUST** be postmarked during the application filing window of October 1st to February 1st. There are no exceptions. All applications or transcripts postmarked prior to October 1st or after February 1st will be disqualified.
3. Scholarships are awarded for the academic year that will begin no earlier than May 15th following the application deadline.
4. A signed original application and paper copies of all transcripts are required. E-mail submissions will not be accepted.
5. Do not apply for scholarships for which you are not eligible.
6. Transcripts must cover your entire high school career to date and, if in college, must include all semesters for which grades have been awarded. If you are applying for graduate school assistance, high school transcripts are not necessary.
7. Letters of reference are not required, but can be attached by applicant (no more than three).
8. Introductory letters from applicants can be attached, but are not required.
9. If the space provided for your responses is not large enough, you may write "see attached" on the application and include an enclosure or resume. Be sure the enclosure or resume is clearly marked as to the question each portion applies and includes your full name.
10. Use only one side of the application form. Please do not write on the reverse side. Attach additional sheets as necessary.
11. The narrative responses to questions 6 (the role of amateur radio) and 7 (why you made these choices) must not exceed one page each.
12. One of the questions 12 and 13 must have a complete response.
13. Ranges are acceptable for funding source percentages.
14. Please ensure each entry can be fully understood and appreciated by the members of the ARRL Foundation. For example, indicating membership in Tau Beta Pi does not completely explain the nature of the honor. It would be better to indicate that one was elected to membership in the National Honorary Engineering Fraternity, Tau Beta Pi.
15. It should be noted that some scholarships require attendance at specified schools or at schools within specified areas or states. Scholarships may also require enrollment within certain major fields of study. You will not be considered for these scholarships unless your application clearly provides the necessary qualifying information.

General Scholarship Application

1. Please read instructions thoroughly before completing. Submit no earlier than October 1st and no later than February 1st (a 5 month window). Scholarships are for the academic year that will commence on or after May 15th. The blank application form consists of four pages.

2. Personal Data:

Last _____ First _____ Middle _____
 Birth Date (mm/dd/yy) _____ Age _____ E-mail _____
 Home Address _____ Daytime Phone _____
